Hits: 2+	Experience: Regular
Coordination: Good	

Bastogne Perimeter

19th of December 1944

Map:

Deployment:

All German forces are set up on the table. It is highly recommended that the US forces use blinds to represent their forces. They may use eight dummy blinds as well.

German

- All Formations may set up anywhere 12" from the South edge of the table.

American

- TF Able must set up within 6" of the North table edge.
- 2 Battalions of the 501st must set up within 36" of the North Table edge.
- 1 Battalion of the 501st may set up to 72" from the North edge of the table.
- All battalions may begin dug in.

Game Length:

Germans are first to activate in each turn. At the beginning of each German turn, roll an Average die. Mark off a box for each pip rolled. The game ends when the US player is finished with his turn, after the last box is marked off.
